SUBJECT: TSI Workshop for School Administrators

---

As a requirement under the Every Student Succeeds Act (ESSA), USBE identified schools for Targeted School Improvement (TSI) in 2018 and 2019. A workshop has been designed to help administrators of TSI identified schools understand the calculations behind their school's TSI designation as well as the timeline and criteria necessary to exit TSI. The vast majority of our TSI schools have second language learners and/or students with a disability that are struggling as a student group. This workshop will offer evidence-based strategies and ideas to help provide more robust supports to both student groups, thus allowing schools to exit TSI. Representatives from Special Education, Language & Culture Services, and Evaluation, Research & Accountability will be on hand to provide guidance and answer questions.

All school administrators of TSI schools are encouraged to attend one of the two sections offered on March 29<sup>th</sup> and April 6<sup>th</sup>. School administrators may register for either date on JPLS using **course #101888**. Here is the information for each section:

Date	Time	JPLS Section #	Location
Tuesday, March 29 <sup>th</sup>	1:00 – 4:00 pm	117119	ASB Presentation Room
Wednesday, April 6 <sup>th</sup>	8:30-11:30 am	117120	

Please contact Ben Jameson in Evaluation, Research & Accountability, Kim Lloyd in Special Education or Michelle Love-Day in Language & Culture Services with questions about this workshop.
