SUBJECT: TSI/ATSI/CSI Workshops

School improvement planning workshops for schools designated for targeted support and improvement (TSI), additional targeted support and improvement (ATSI), and comprehensive support and improvement (CSI) will once again be offered during the 2026-27 school year. During the workshops, schools will update their TSI/ATSI/CSI datasets, celebrate successful initiatives, update their priority problems of practice and root causes, and determine the action steps they need to take as part of their TSI/ATSI/CSI school improvement plans for the rest of this school year.
