

Jordan School District  
Anthony Godfrey, Ed.D., Superintendent of Schools  
West Jordan, Utah

# Intradistrict Communication

DATE: Thursday, August 28, 2024

TO: Middle School Principals  
High School Principals  
Health, CTE, and Psychology Teachers

FROM: Carolyn Gough, Administrator of Teaching & Learning  
Amanda Bollinger, Associate Administrator, Teaching & Learning

SUBJECT: Required Law and Policy Training for Teaching Sex Ed Topics

Law and policy training is mandatory for all new or newly assigned educators of sex education topics and **must be renewed every three years**. All health and certain CTE, science, and psychology educators must complete this training. CTE, science, and psychology teachers should complete this training if they teach eligible courses like Child Development, Health Science, Medical Anatomy, Human Development, Genetics, or any course with instruction on sex education as defined in [Utah Code 53G-10-403](#). The USBE offers a free online training which can be found on the [health education webpage](#).

A list of courses the USBE staff believe require law and policy training can be found below. **Principals, please direct the teachers who teach these courses to do the training.**
