

Intradistrict Communication

DATE: May 1, 2017

TO: Principals
High School Registrars

FROM: Administrator of Schools 
Dr. Anthony Godfrey, Associate Superintendent of Schools 
Luann Leavitt, Consultant, Planning & Student Services 

SUBJECT: Transfer of K-8 Student Files for Retention at the State Records Center
and for permanent archives

This is a reminder to prepare and send the "Dead files" of K-8 students to the Planning & Student Services Department by June 30, 2017 for transfer to the State Records Center for permanent retention.

School will periodically have files of students who have attended Jordan School District in grades K-8 and never attend grades 9-12. In the event that a transcript was never created and the student's cumulative folder was never requested, the student's cumulative folder then becomes the record to retain permanently as required by law. These records are to be handled as follows: (refer to page 51 in the Planning & Student Services Manual).

Non-transferred Records (Dead Files):

Non-transferred student cumulative/permanent records of students in grades kindergarten through 8 shall be held in that school until the student's grade level is advanced to the next school level. (i.e., 6th grade records are sent to the feeder middle school and 9th grade records are sent to the feeder high school each June). Once at the feeder high school the record shall be retained three (3) years after the student would have graduated. At the end of three years these records shall be transferred to the Planning & Student Services Department each year by June 30 and then sent to the State Records Center and retained for 17 years and then transferred to the State Archives permanently.

The following remain in the file:

- *achievement test scores,*
- *copies of report cards,*

- *health records, and*
- *pertinent information concerning the student*

Examples of these files may include:

- A student who attended Jordan School District in grades K-8 and never attended a public high school in the State of Utah grades 9-12.
- The death of a student – a certified copy of the cumulative folder should be retained and the family may be given the original if requested. Send this record at the end of the school year that the event occurred.

Please refer to UTREX to make sure the student has not attended a school within the State of Utah before sending the files to Planning & Student Services for retention. If they are active in another school within the State, contact that school and have them officially request the record to be sent on to that school.

Questions, please contact Student Services at 801-567-8183.

Thank you.
