

Summer Super Blitz

Come one, come all to our first annual UEN Summer Super Blitz. UEN instructors will be bringing out 4 great courses.

Courses offered June 12 and 13, 2017	Courses offered June 14 and 15, 2017
<p>The Innovative Educator: Makerspaces</p> <p>This workshop is designed to get teachers and students “hands-on” with their learning. Based upon ideas from the Maker Movement, participants will explore a variety of activities that provide creative ways to encourage students to design, experiment, build and invent as they deeply engage in science, engineering, and tinkering.</p>	<p>Google for Educators</p> <p>This course is designed to help teachers increase student communication and critical thinking skills by incorporating Google tools into educational projects.</p>
<p>Create Online Educational Media</p> <p>This course helps teachers find and create digital learning objects to support student learning using resources from UEN’s Pioneer Online Library, eMedia, my.uen and more.</p>	<p>Effective Teaching with Visual Media</p> <p>This course is for teachers who want to learn how to enhance student learning with educational technology and media. Participants explore eMedia, Utah ITV, Thinkfinity and other online resources; create virtual tours and presentations; and learn strategies for helping students develop visual literacy and critical thinking skills.</p>
