

Middle Level Educators-

We want to invite you to join us at Matheson Jr. High in March for our annual conference. As the only conference in Utah focused solely on grades 5-9, it is a great time to meet with other educators who are excited by the students in the "middle."

With workshops from classroom teachers, building administrators, and program experts, there is sure to be something you can use to make your impact on students even greater.

We hope your year is off to a great start, and we look forward to seeing you in March!
