SUBJECT: Utah Aspire Plus Dashboard Updated with 2022 Assessment Results

The Utah Aspire Plus dashboard in Tableau has been updated with 2022 assessment results. School administrators will be able to access proficiency data and predicted ACT data from 2019-2022 for the English, Math, Reading and Science subtests. Each dataset comes equipped with demographic and student group filters. School administrators may also view a school comparison with 2022 results as well as individual student results.
