

Intradistrict Communication

DATE: Thursday, August 29, 2019

TO: All Principals

FROM: Dr. Anthony Godfrey, Superintendent of Schools
Ben Jameson, Director of Evaluation, Research and Accountability

SUBJECT: Utah Compose Rostering Delay

We received word from USBE that Utah Compose is not yet ready for classroom use. They asked us to disseminate the following message to all educators that could potentially use Utah Compose:

USBE was notified by Measurement Inc. that the Utah Compose upload is continuing slowly. Courses and students continue to be added but users will still see incomplete class rosters and/or missing courses. All courses and students will be loaded by **Monday, September 2**. In an effort to expedite the upload process, all school and district administrative functions have been suspended until the teacher and student accounts are complete. No school or LEA-level reports will be available until that time. Thank you for your patience. If you have any additional questions or concerns, please contact Kim Rathke kim.rathke@schools.utah.gov

We have sent this information to teachers as well. Please contact Ben Jameson or Kim Rathke at USBE with any questions or concerns you may have. We apologize for any inconvenience this may cause.
