### SCHOOL CELEBRATIONS

Utah Prevention Day gives schools around the state an opportunity to celebrate the prevention lessons that students have learned throughout the year. Teachers can review and reinforce those life skills taught before students leave for the summer. We want to protect our students from the dangers of drugs, under-age drinking, violence, crime and bullying.

There will be a central celebration of Utah Prevention Day on May 3rd at the Smith's Ballpark with the Salt Lake Bees and 12,000 students and teachers. Governor and Mrs. Herbert will be in attendance to present the signed declaration. As a part of the state-wide celebration, schools are encouraged to do an activity promoting a prevention message, either on May 3rd or sometime before the end of the school year.

### POSSIBLE ACTIVITIES

Possible Activities could include tying a prevention message into an activity you already have scheduled during May, such as a field day, carnival or end-of-year assembly. Another option is to hold a teacher-student baseball game. Each club can decide to participate by doing a project or act of service. There are so many things schools can do. You can be creative and have fun. It doesn't need to be complicated.

### FREE BASEBALL TICKETS

We are excited to announce that the Salt Lake Bees has made 1000 vouchers available for prizes. Each voucher is worth one free entrance into a Salt Lake Bees baseball game this summer. These can be used to recognize a student or a class. They will be distributed on a first-come-first-serve basis. Each school requesting can have up to 40 vouchers.

Please contact Barbara Smith, Executive Director of Utah Family Partnership Network at [baarbaarasmith@gmail.com](mailto:baarbaarasmith@gmail.com) to request vouchers.

**An important goal of Utah Prevention Day is to remind students of the prevention lessons they have learned this year before Summer begins!**

**Let's help Utah students "Spring into Summer" with vital messages of PREVENTION!**
